Ashley Scurti

ELK GROVE, CA – They say that Breakfast is the most important meal of the day, and we agree! During the school year, Teen Center USA opens early in order to provide our members with a hot breakfast before they start school. Every Wednesday Morning, staff is here from 7-8am to make our members eating a full meal to start their day off right.

Breakfast includes filled pancakes, sausage, and orange juice.

In the 2017-2018 school year, we were able to provide hot breakfasts to over 250 children in the Elk Grove area.

To be eligible for breakfast club, students can come into our Drop-In Center and fill out our form that day or may print out the form off our website and bring it in, find our registration packet online at [www.teencenterusa.org](http://www.teencenterusa.org)

*A handful of our registered members waiting for their pancakes!*

*Pancakes on the griddle!*

In the past 12 Months our site [www.teencenterusa.com](http://www.teencenterusa.com) has had over 10,000 Page views with an average of 6 minutes on the site.

**Summer Brunch Club**  
**Summer Weekdays**  
**June - August**

**Program Coordinator**  
Goldeen Smith

ELK GROVE, CA – As of May 2018, 62% of our registered members are eligible for free or reduced-price lunch at school. When summer comes around, they no longer have access to that program through their school, so we saw the need to step in. We hope to provide a free meal every day to the teens that come to our drop-in center. Food is always on a first come first serve basis, but we break the distribution of lunch into 2 shifts so that we can feed the most amount of kids possible.

Every day that we are open during the summer, we provide enough food to feed 50-100 teens depending on what our donors provide. Each day of the week is sponsored by a different organization/business, through providing the Teen Center with food or donating which covers the cost of purchasing enough food for up to 100 teens.

We had 400 students attend Teen Center USA during our Summer Open Hours, all of which had were able to eat a meal at no cost to them.

To be eligible for Summer Brunch club, students can come into our Drop-In Center and fill out our form that day or may print out the form off our website and bring it in, find our registration packet online at [www.teencenterusa.org](http://www.teencenterusa.org)

---

Founded in 1990, The Teen Center USA- Elk Grove was formed to communicate the importance of education, public responsibility and physical fitness for the youth that we serve. The Teen Center has provided the core developmental building blocks for our community's teens' mental, physical, social and spiritual well-being for the last twenty years. To achieve this goal, we have focused on supporting our youth through teen empowerment and boundary management. We also have high expectations for the youth that are involved in our program. Specifically, we work to ensure that our program participants use their time constructively, are committed to learning and are building solid values, self-esteem and most importantly, their character. The Teen Center has established positive relationships with hundreds of area teens each year, by providing them with a place to gather, sending them a positive message of truth and helping them to change the direction of their lives.

The work of the teen center has been possible through partnerships with the City of Elk Grove, the Elk Grove Police Department and several other community based organizations in Elk Grove. Although we are proud of the work we have done, our community educators and civic leaders continue to be concerned about the number of teens at risk in the Elk Grove area. In fact, given the explosive growth of the Elk Grove community, there are many more teens than ever that are at risk. Specifically, more youth in our community are exposed to negative influences such as violent crime, child abuse, drugs and poverty. As a result, many of these youths feel they are helpless to change their circumstance and feel their future is hopeless. The challenge we face is to find ways to help reduce the impact of these risk factors by identifying programs that can help to protect these children. We feel our program is invaluable not only to the youth that we serve but also to the overall Elk Grove community.

The Teen Center USA's future vision and goals are to see satellite teen centers in proximity to each high school and middle school in Elk Grove. Having line of sight drop-in centers are critical in providing services to the youth in the community. Along with these drop-in centers, we envision having a larger central facility that would provide classrooms to teach In Depth Life Skill classes, computer labs, basketball courts, weight training classrooms, and a kitchen to provide meals and teach classes on proper nutrition and food preparation.

Our organization relies primarily on private donations from individuals and business. Help make a difference in the lives of Elk Grove Teens by sponsoring the Teen Center USA and its breakfast and brunch programs. Financial contributions help to ensure our breakfast and brunch programs continue and we can offer more kids a hot breakfast before school and a lunch during the summer. Providing In-Kind Donations and/or Catering one of the summer days allow for the staff to have more time to encourage our youth and build them up to be upstanding members of our community.

If you have any questions about catering a day over the summer or becoming a sponsor and joining our kitchen staff, Please feel free to call our Drop-In Center at your convenience.

Thank you in advance for your support, all donations are tax deductible.
